## Set-up KUMON App.

- Using suggested browser to access the KUMON App. with the following URL(or scan QR Code):

HongKong Students:

<https://kumonapp.digital.kumon.com/hk/index.html>

Macao Student:

<https://kumonapp.digital.kumon.com/mo/index.html>

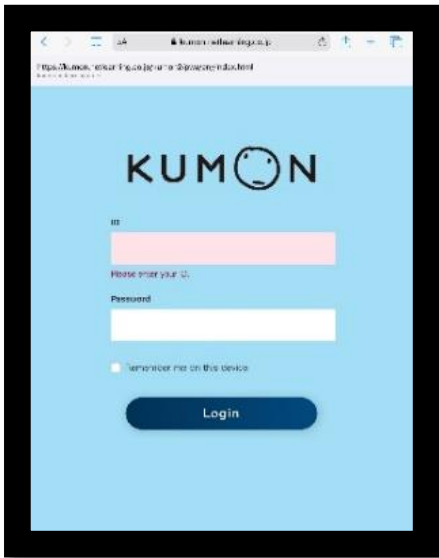

Suggested browser: Safari for iPad OS, Chrome for Android & Chrome OS, Edge for Windows OS.

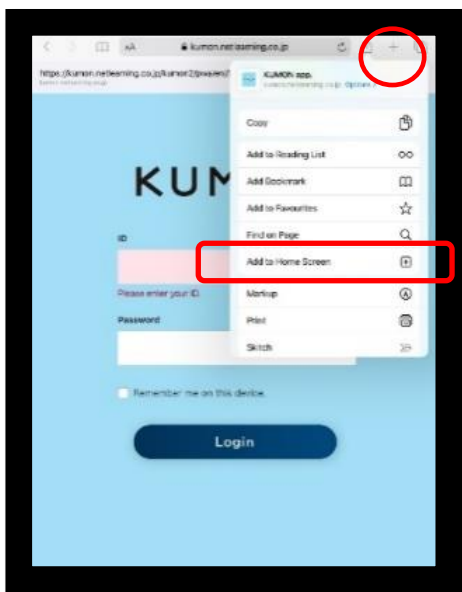

If you are using Samsung Tablet, please set “Chrome” as your default browser app (please refer to page 21-24).

# Set-up KUMON App.

- Open KUMON App. by suggested browser and visit the login page:

- Set-up KUMON App.  to the home screen. For iPad, please tap the “Share” button on the top right corner and select “Add to Home Screen”.

## Preparation before Study

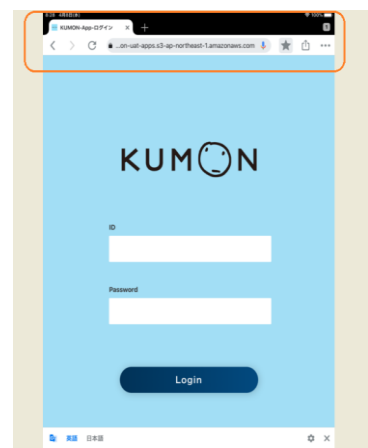

- Prepare fully charged tablet device and stylus pen.
- Connect the internet and close the other App(s).

Please tap the  icon on the home screen to open the KUMON App..

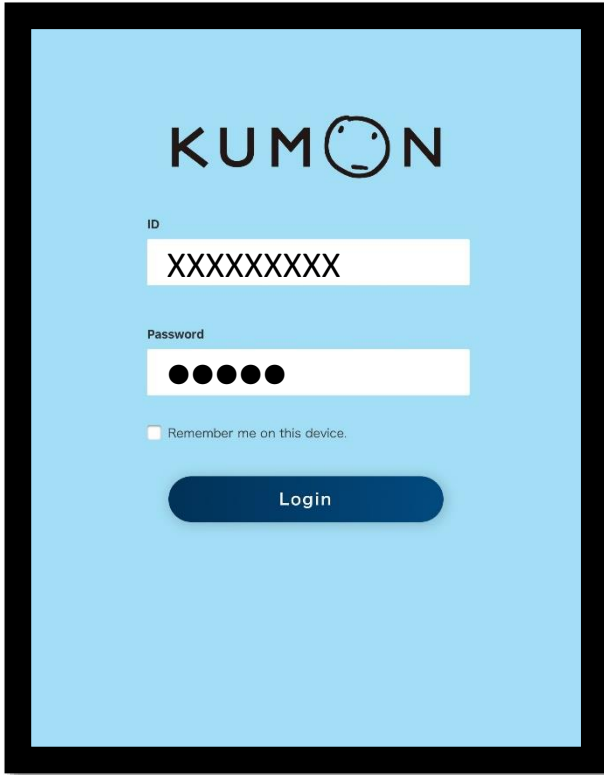

Remark:

The KUMON App. may not display in full-screen version if you open it by internet browser.

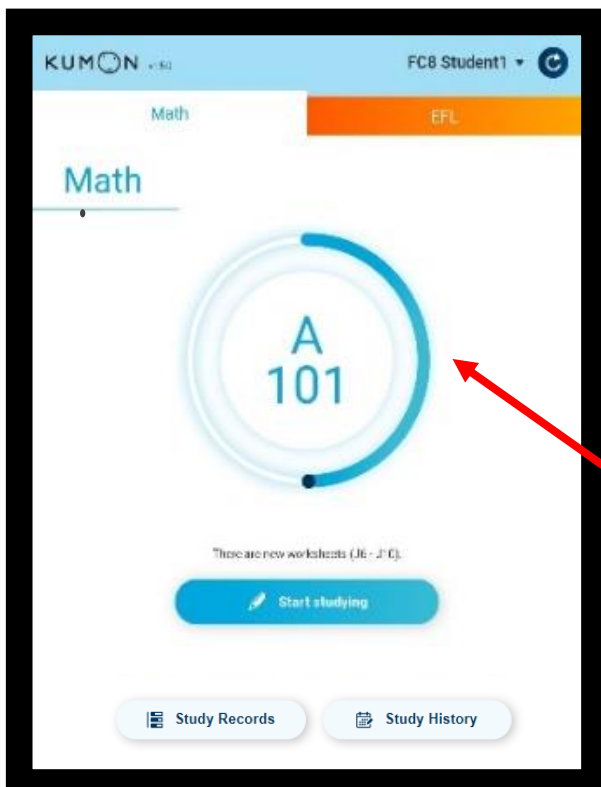

# Login

- Open KUMON App., enter your ID and password.

Tap 'Login' after you have entered the ID and password.

If the KUMON App. does not display in full-screen, please re-start the App.

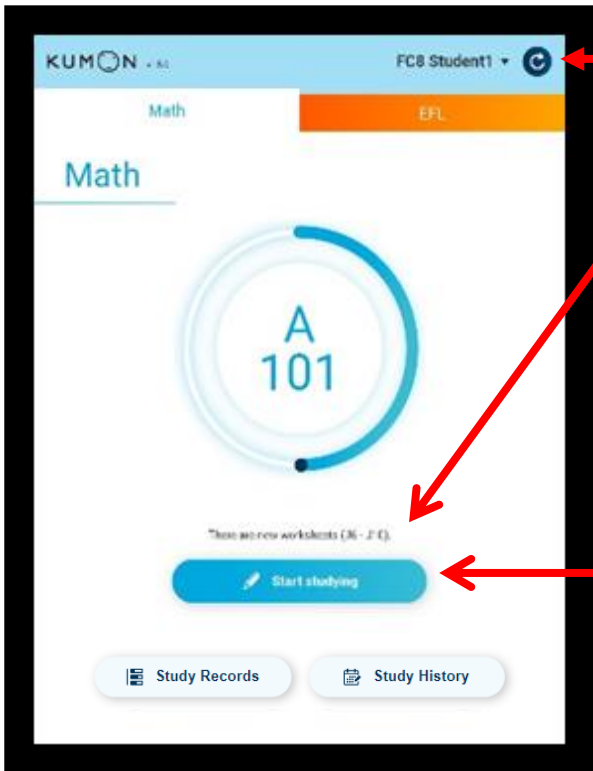

You will enter the Main Page after login.

'Current Highest Study Level' (including correction of mistakes).

# Start Studying

- Please use a fully charged stylus pen to write the answers on the screen. Student may place their hands on the screen while writing, the KUMON App. is designed not to respond the hands' touching while student is writing the answer.

Tap to **'Refresh'** the system.

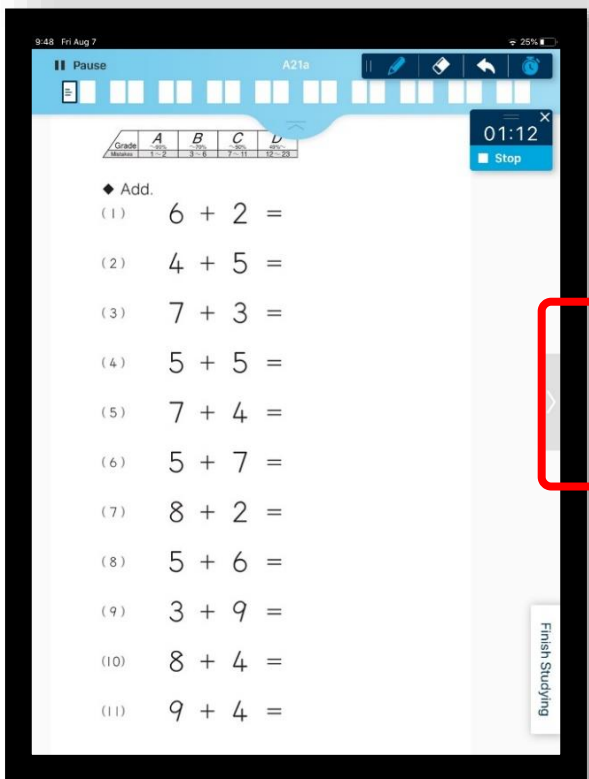

Level/number of next assignment shown at top screen.

## 'Start studying'

Once student tap the 'Start studying' button, worksheets will be displayed and the system will start recording the time automatically.

Student should start their study immediately.

No new worksheets for study if the 'Start studying' button is displayed in grey color. Students may tap the 'Refresh' button and try to refresh the worksheets for study.

When student complete current worksheet page, tap here.

The system will display the next worksheet page.

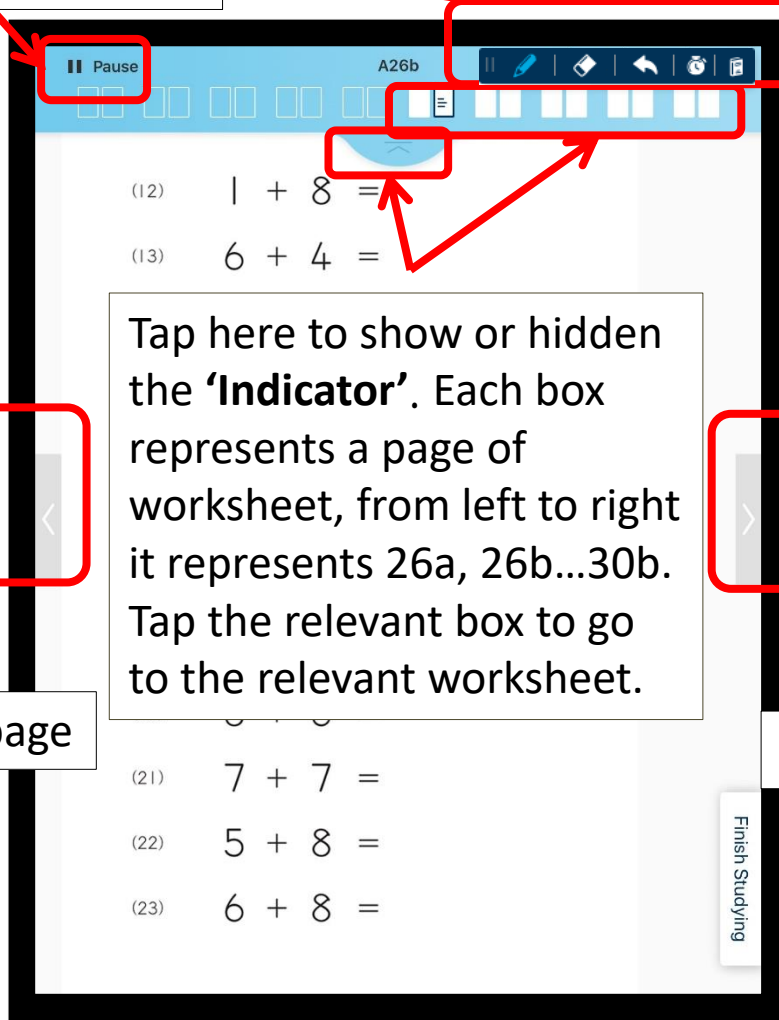

# Icons

- **Status of the Results**  
**Red:** Correction in Progress  
**Blue:** Perfect Score / Correction Completed
- **Symbols under the Results**
  1. No symbol : Perfect score or correction completed in one attempt
  2. • symbol: Correction completed in two or more attempts
  3. \_ symbol: Correction closed automatically since the student has reached the limit of the correction attempts (10 times).

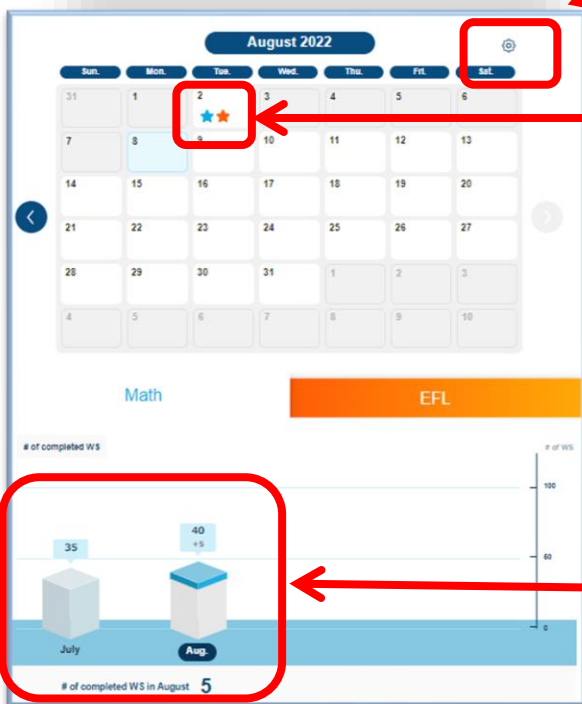

# Study History

Tap the **'Study History'** button in the Main Page to check your daily study records and the number of completed worksheets for the past three months.

You can choose **'Sunday Start'** or **'Monday Start'** for the calendar.

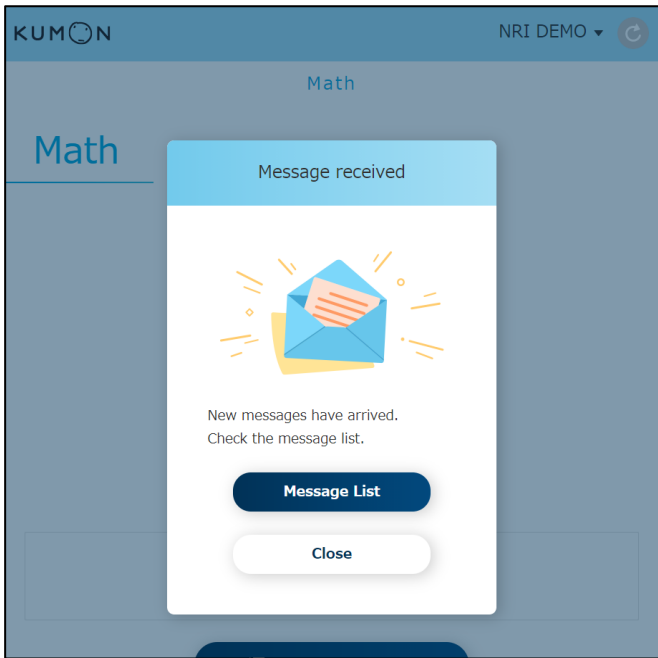

One star per subject is placed on the days students study (including worksheets, DT/AT and corrections). Blue star represents Math and Orange star represents EFL (applicable to students studying both subjects).

3D bar chart shows the monthly and cumulative number of completed worksheets with a perfect score. (DT/AT are not included).

<Rules for counting completed worksheets>: (Example) Student studied 5 worksheets on August 30, if all of them were completed with a perfect score, these 5 worksheets will be counted as completed worksheets in August. If any corrections needed to be made, and student obtained a perfect score after correction on September 1, these 5 worksheets will be counted as completed worksheets in September.

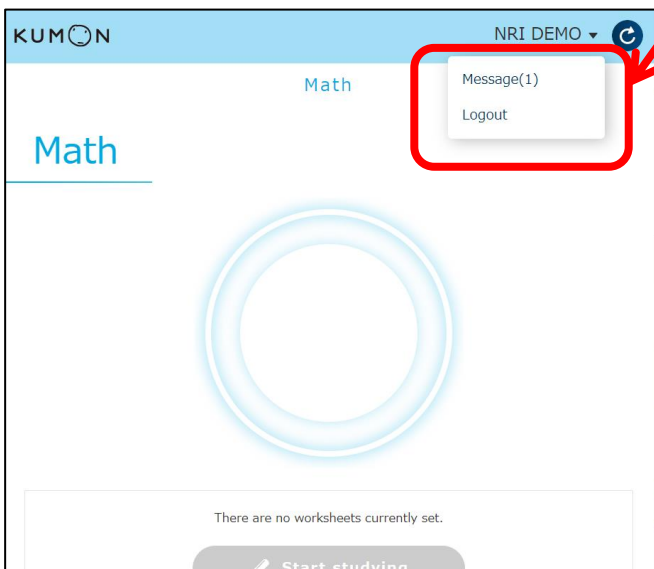

# Instructor's Message

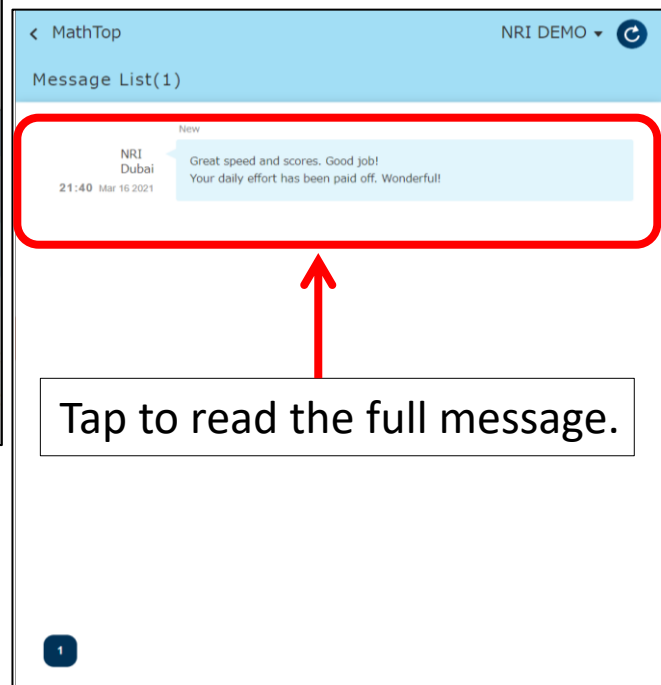

You will get a pop-up notification if you have received an instructor's message.

Please tap the 'Message List' to read the message.

Number of unread message(s) will be shown in the ( ).

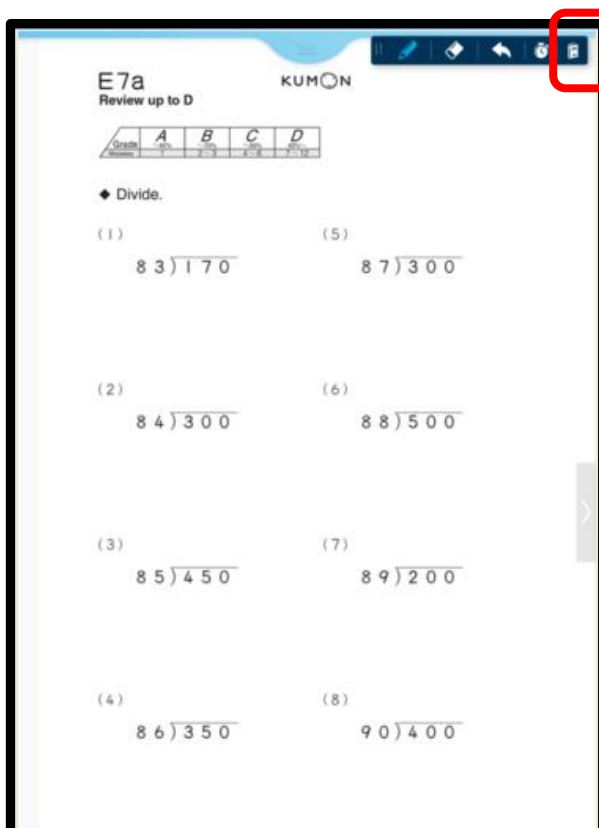

Tap to read the full message.

## Reference Function (After D151)

Students may review/refer to previous worksheets and examples that have already been submitted.

- Worksheets after D151 are able to review. Students may refer to 10 sheets of the same set as the one they are studying (e.g. when student studying E106-110, he/she may review E101-110).
- Students are unable to write on current (studying) worksheet when they are in 'Reference Mode'.
- The time the student spent on the 'Reference Mode' will be included in their completion time.
- The system will automatically download previous worksheets for student's review.

The screenshot shows a KUMON worksheet titled "E7a Review up to D". The worksheet contains eight division problems arranged in two columns. The problems are:

Grade	A	B	C	D
Grade	A	B	C	D

◆ Divide.

(1)	$83 \overline{)170}$	(5)	$87 \overline{)300}$
(2)	$84 \overline{)300}$	(6)	$88 \overline{)500}$
(3)	$85 \overline{)450}$	(7)	$89 \overline{)200}$
(4)	$86 \overline{)350}$	(8)	$90 \overline{)400}$

A red box highlights a small icon in the top right corner of the worksheet area, with a red arrow pointing to a text box.

An icon will appear on the right side of the upper toolbar. (After D151)

# Reference Function (After D151)

During 'Reference Mode', worksheets are light gray and cannot be written.

## 'Show / Hide'

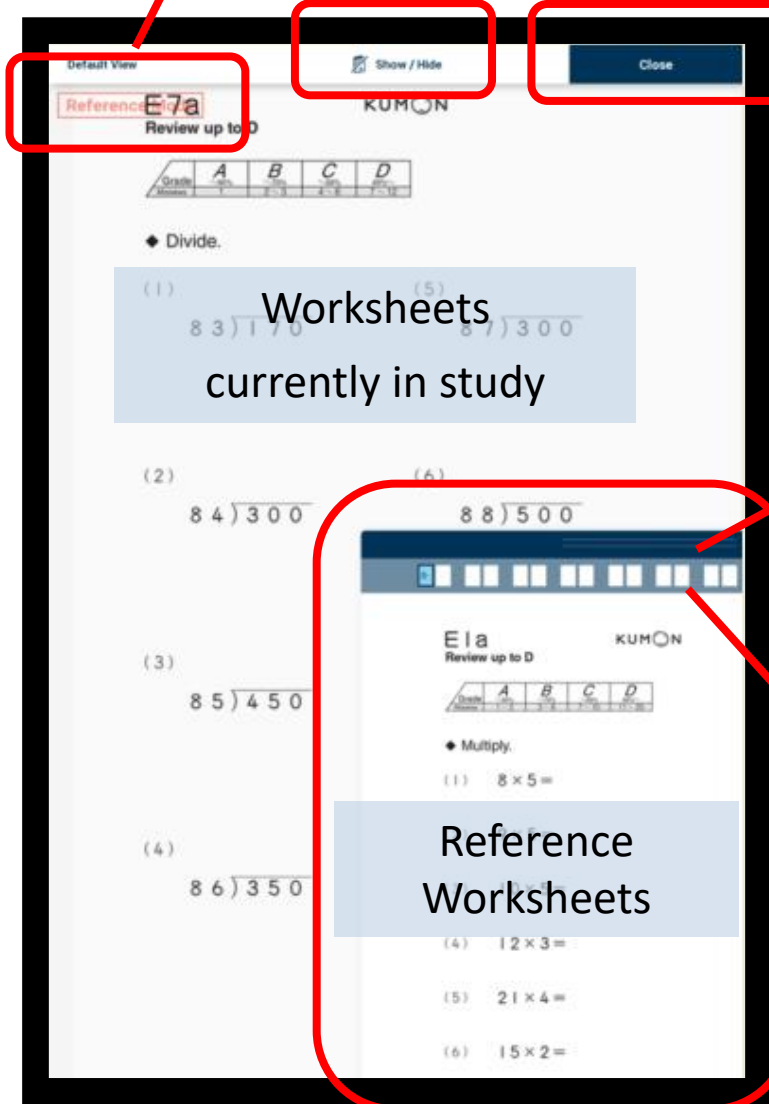

Tap 'Show/Hide' to show or hide reference worksheets.

## 'Close'

Tap 'Close' to back to current (studying) worksheet.

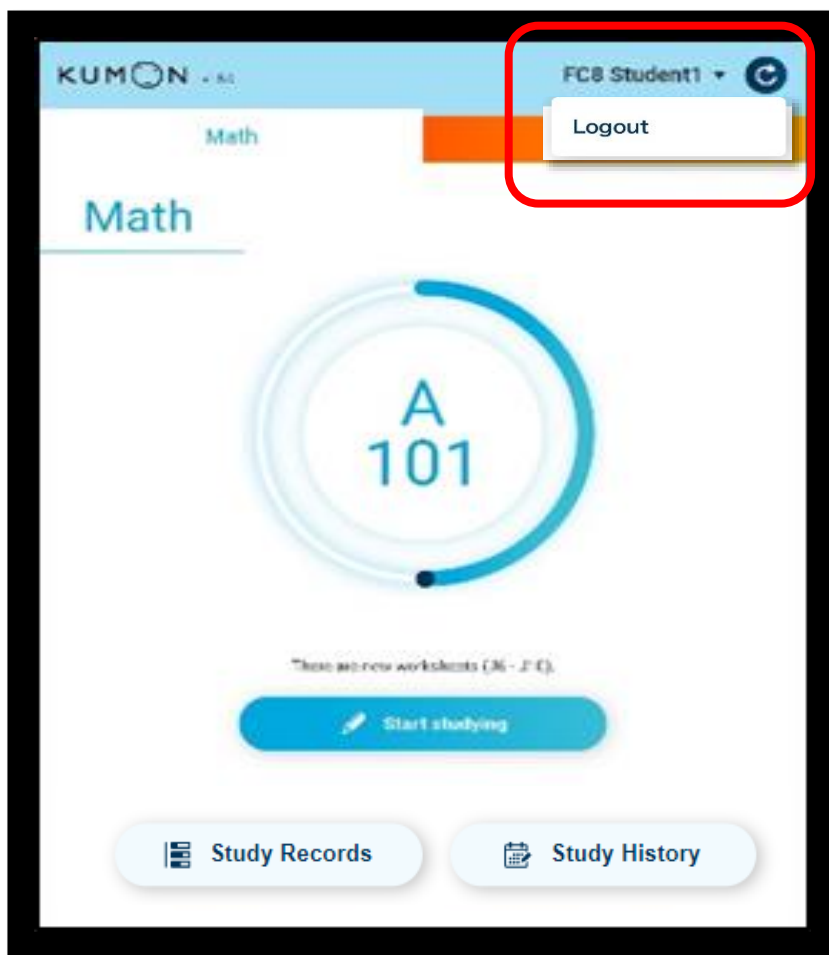

Student may move this 'Reference Worksheet' window by dragging the bar (Navy).

At the top of this window, student may select the page he/she want to refer to. They can also tap > or < button to change the pages.

# Logout

- When student finish the study, please remember to tap the 'Finish studying' button in the b-side worksheet. (Please refer to the content of 'Finish studying' in page 9)
- If you wish to log out, please tap the student name and the 'Logout' button at the top right corner in the Home Page. However, you will not be able to log out if you have worksheets that you have not submitted.

Remark:

If more than one student is studying on the same device, please be sure to log out after studying.

# Error Occurred During Using The App.

- If the system unable to display the worksheet(s) or student unable to submit the worksheets, please check whether the tablet is connected to the internet (e.g. try to access another website).
- Even the internet is connected, however, sometimes the above-mentioned problems may refer to the other issue(s) (such as the services of third-party services provider). Please wait a moment and try to refresh/submit the worksheets.
- You may also refer to the following steps and try to reconnect the system:
  1. Tap the 'Refresh' button at the top right corner in the Home Page.
  2. Logout by tapping the student name and the 'Logout' button at the top right corner in the Home Page, and login again.
  3. Close all running apps (by swiping out). Close and re-open the KUMON App., and login again.
  4. Restart the tablet device.
  5. **Clear the cache of "Chrome" / "Edge" in the tablet.**  
How to clear the cache of "Chrome":  
Open "Chrome" => Tap the "Three Dots" icon at the top right corner  
=> "Setting" => "Privacy and security" => "Clear browsing data"  
=> select "All time" and tick all checkbox items => tap "Clear data".
  6. **Uninstall the KUMON App. in the tablet. Then re-install the KUMON App. in the tablet and its shortcut to the home screen (Please refer to the content in page 4-5); Tap the new KUMON App. icon and login again.**

Remark:

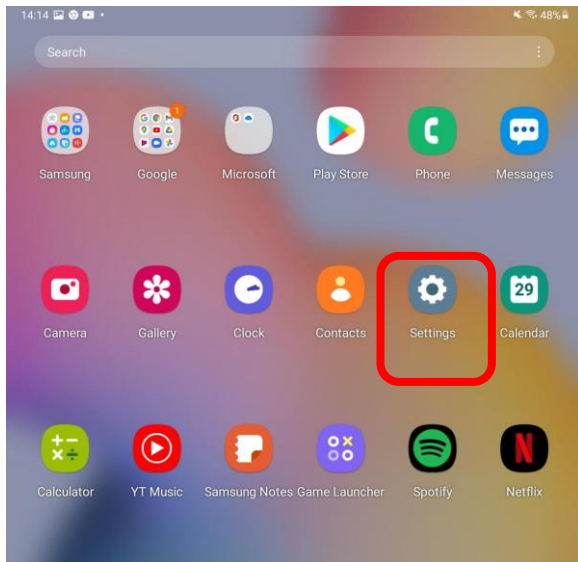

If you apply above Step 5 and 6, worksheets (completed but have not submitted) may not be recorded.

## Additional Information for Samsung Tablet :

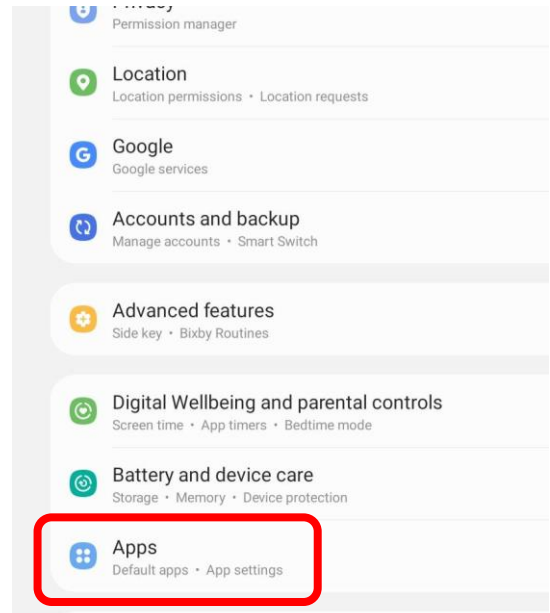

# Set-up KUMON App. to the Home Screen

1 - Setting “Chrome” as your default browser app.

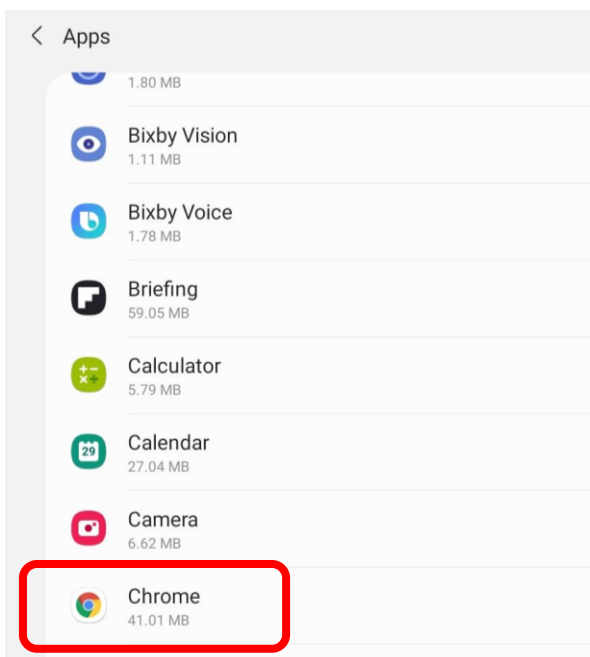

1. Tap “Setting”

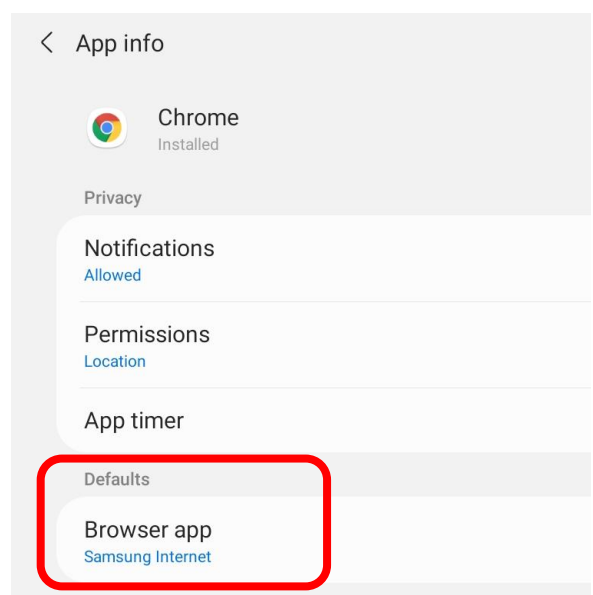

2. Tap “Apps”

3. Tap the app “Chrome”

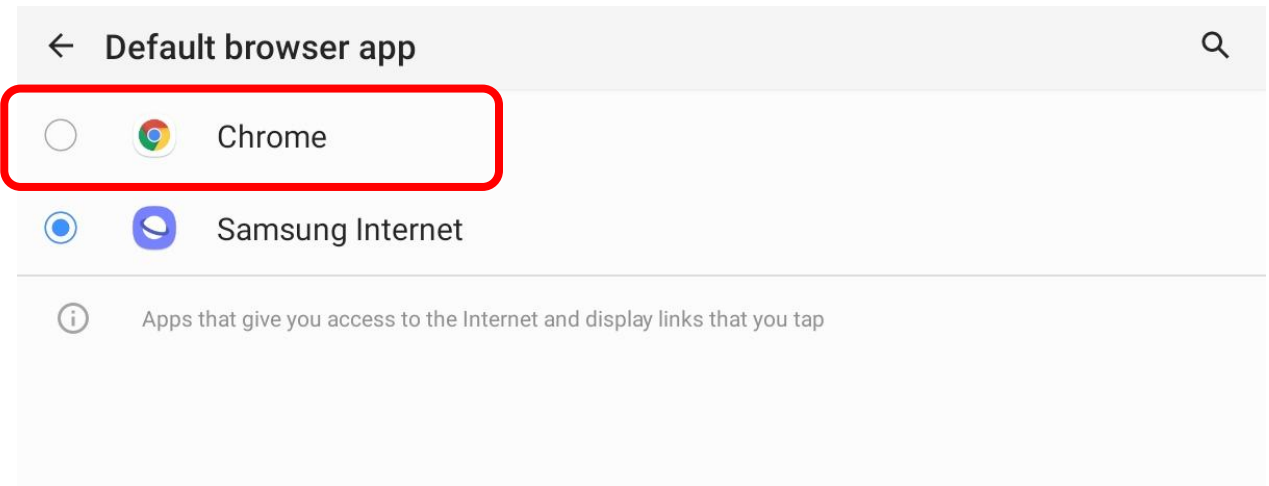

4. Tap “Browser app”

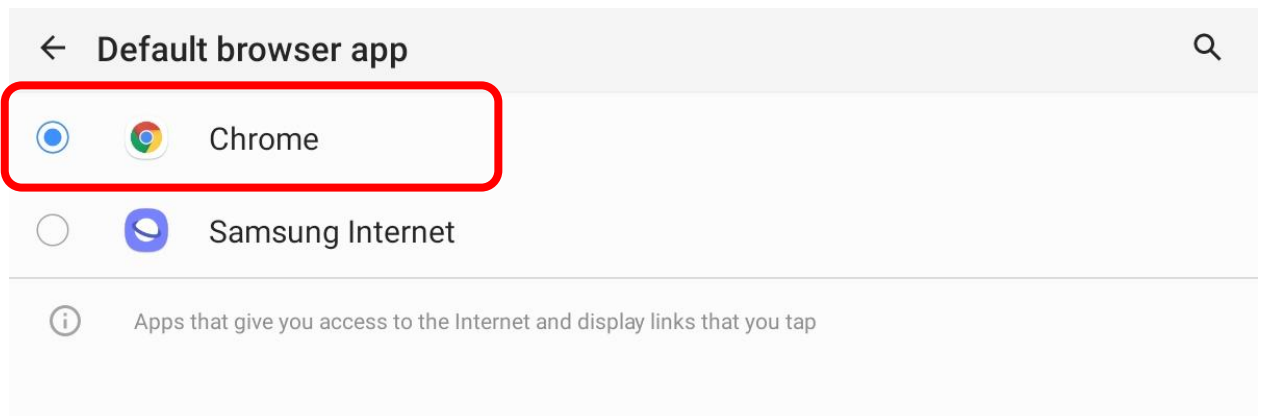

## Additional Information:

# Set-up KUMON App. to the Home Screen

## 5. Select “Chrome”

## 6. Finish

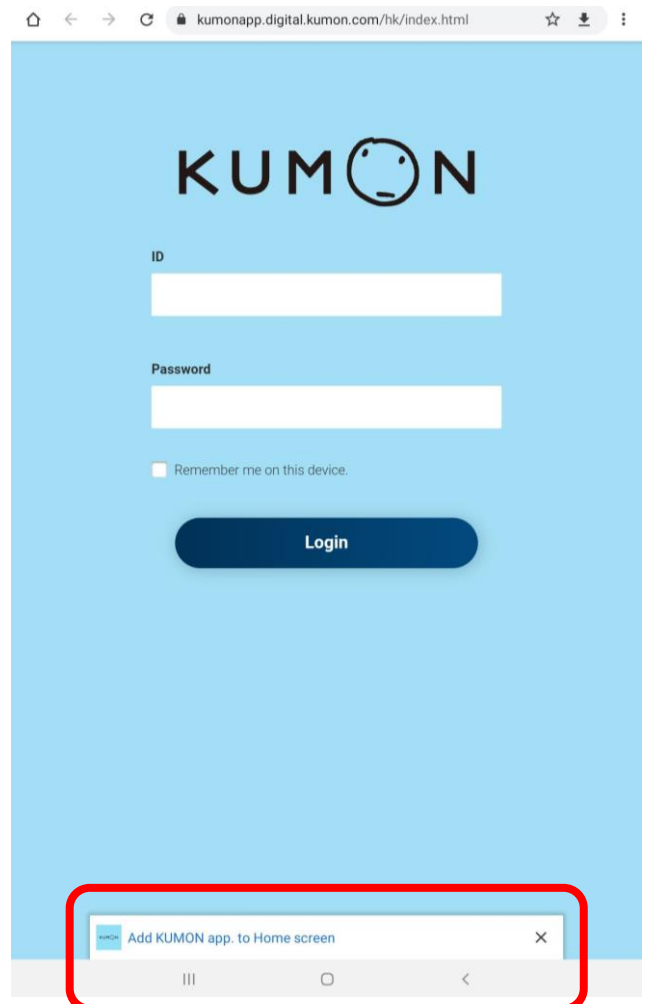

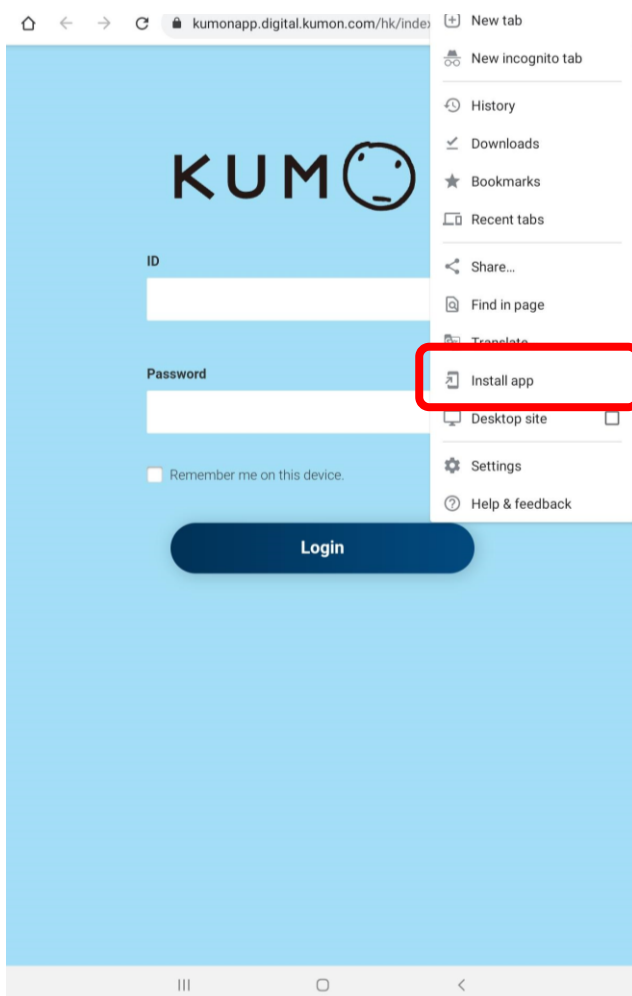

## Additional Information:

# Set-up KUMON App. to the Home Screen

## 2 – Setting KUMON App. in the Tablet Home Screen
